## **General Meeting program is coming together**

Craig has the first 4 months of speakers set. See the schedule on page 2. cut it out and post it on the old refrig' until a new one is presented.

Not only do we have the speakers, but the extra periods of 'Lake of the Month' and "What did you learn last year/week, or "How was that fishing trip" will provide a lot to participate in and learn from.

Again, the meeting portion starts at 7:30 with the Board meeting starting at 6:00. Come early, have a sandwich and beverage. Get in the Spirit of fishing camaraderie.

### By the way!

Did you know? Or do you remember that at every General Meeting, we have a special member drawing? You have to be present. No charge. A gift from us to us!. The prize is a reel. We have had a pretty good record of selecting the members present, probably about 50% of the time. So now it is time to come to the meeting. By the way, you can win more then once as your name goes back into the drawing.
